Wi-Fi Settings

Switching to the StarOS app / exiting the kiosk app

- Click at least 4 times in the bottom right corner of the visible screen (gray area)
- Enter the StarOS PIN and confirm on the keyboard
- Click "Enter"

Android settings

To get to the Android settings, click the 3rd icon at the bottom in StarOS ("System")

Setting up Wi-Fi

- Android 9
  - In the Android settings[1], go to "Network & Internet"
  - Enable Wi-Fi if it is not enabled yet
  - Click "Wi-Fi"
  - Select the desired Wi-Fi network, enter the password & click "Connect"
- Android 12
  - In the Android settings[2], go to "Network & Internet"
  - Click "Internet"
  - Enable Wi-Fi if it is not enabled yet
  - Select the desired Wi-Fi network, enter the password & click "Connect"

Back to the kiosk app

- To go back, click the "circle" button at the bottom center of the screen. This takes you back to StarOS
- Click "Launch Now" at the top right
