4.52.21

Release Notes - Webdesk - Version 4.52.21

Bug Fixes

- [WD-16249[1]] - Fix for an issue that prevented opening the HR Expert dashboard for clients without assigned persons
- [WD-16292[2]] - Fix for an issue that caused career levels in hr_editJobLevelTaskAssignments not to respect client assignments
- [WD-16343[3]] - Fix for an issue where the placeholders $currentEmploymentState and $resignationDate were not replaced in HRX

New Features

- [WD-15996[4]] - It is now possible to disable the editing of email forwarding by supervisors using the system parameter GwOptions. allowEditOfMailForwardingAsAdmin
