4.59.41

Release Notes - Webdesk - Version 4.59.41 - March 19, 2026

New Features

HR Expert

- [WD-19999[1]] - New function for HR Expert: User interface for evaluating new hires after the end of the probationary period, with a new menu item and extended evaluation logic.
  This also includes a new standard process definition ("PersonProbationEvaluation") with which a request can be started.
  The request can also be started automatically by a linked connector.
  There is also a new option in the HRD options of the client: "Competence group for probation evaluation competences". There, a competence group can be selected so that the respective competences are displayed in the request.
