4.63.23

Release Notes - Webdesk - Version 4.63.23 - May 12, 2026

Bug Fixes

Project Time Tracking

- [WD-20857[1]] - Fix for an issue where project permissions in project time tracking were not always displayed up to date with large project structures.

UI / UX

- [WD-20874[2]] - Fix for a display issue where the table header in the responsive view could move out of the visible area when scrolling.
