

Wi-Fi Settings

Switching to the StarOS app / exiting the kiosk app

- Click at least 4 times in the bottom right corner of the visible screen (gray area)
- Enter the StarOS PIN and confirm on the keyboard
- Click "Enter"

Android settings

To get to the Android settings, click the 3rd icon at the bottom in StarOS ("System")

Setting up Wi-Fi

- Android 9
 - In the [Android settings](#)¹, go to "Network & Internet"
 - Enable Wi-Fi if it is not enabled yet
 - Click "Wi-Fi"
 - Select the desired Wi-Fi network, enter the password & click "Connect"
- Android 12
 - In the [Android settings](#)², go to "Network & Internet"
 - Click "Internet"
 - Enable Wi-Fi if it is not enabled yet
 - Select the desired Wi-Fi network, enter the password & click "Connect"

Back to the kiosk app

- To go back, click the "circle" button at the bottom center of the screen. This takes you back to StarOS
- Click "Launch Now" at the top right
