4.58.5

Release Notes - Webdesk - Version 4.58.5 - August 6, 2024

Bug Fixes

- [WD-16240[1]] - Fix for an issue in journals that prevented the formatting instructions from being applied during PDF creation
- [WD-17288[2]] - Fix for an issue that occurred when creating a sick leave notification for another person and prevented replacing a person once selected
- [WD-15730[3]] - Fix for an issue in the job buildCustomGroups that caused logical operators in the filter settings to be misinterpreted.

Improvement

- [WD-17069[4]] - A confirmation dialog was added to the action po_manageFileTransfers, which warns that existing data will be overwritten when data is always exported to the same folder
