4.58.8

Release Notes - Webdesk - Version 4.58.8 - August 28, 2024

Bug Fixes

[WD-17418[1]] - Fix for an issue in the action ta_getOrgJournal that prevented selected filters from being applied to queries

[WD-17287[2]] - Fix for an issue in the action ta_showTimeModelPrograms that caused the short names assigned to weekly programs created from templates not to be saved properly

[WD-17334[3]] - Fix for an issue in the employee status reports in HR Expert that caused terminations and withdrawn terminations not to appear properly

Improvements

[WD-16867[4]] - Implementation of a new job for compressing files attached to travel expense reports to reduce storage space requirements

[WD-17098[5]] - Improvement of the search form for the report "Filters and Irregularities in Time Tracking": The "Enable filter" checkbox was removed; the selectable filters are now immediately visible.
