4.58.19

Release Notes - Webdesk - Version 4.58.19 - October 14, 2024

Bug Fixes

- [WD-17440[1]] - Fix for an issue that prevented data transfer (import and export) via TaCon in certain versions
- [WD-17441[2]] - Fix for an issue in the TaCon export that caused data to be transferred for a time data number (TA-ID) that did not match the number selected for the transfer
- [WD-17587[3]] - Fix for an issue in the System Messages function that prevented saving a selection of persons from multiple permission groups (formerly loose groups) as recipients

Improvement

- [WD-17209[4]] - From now on, the Correction Client no longer lists any time data after an employee's termination date.
