KorrClient_03_TimeBase_TPTauschen

Change daytime programs

In addition to time entries and corrections, **day programs** can also be exchanged in the **daily view**. To do this, click on the edit

to the day program:

The available daily programs are different depending on the client. After selecting the desired day program, click on the **Save**

accept the new day program for the selected day. With a click on the cancel

change is canceled, the original day program appears again.
