

Changing the short name/name of a group

Select the item **Groups** in the menu tree under **Administration**.

This menu item provides a **list of all created groups** (loose groups and hierarchical groups) of the client (company).

The screenshot shows the 'Groups' application interface. At the top, there is a 'New group' button and utility icons for Print, PDF, and Excel. Below this is a table with the following columns: Shortname, Name, Description, Auto-add new persons?, Client, Orgstructure, Valid from, and Valid till. The table contains 11 rows of group data. A search bar is located above the table, and pagination controls are visible at the bottom right of the table area.
