Ad a person

After selecting a group, you can add staff members to the selected group by clicking on the **Persons tab**.

ΝΟΤΙΖ

ATTENTION: Please note that an employee can only be a member of ONE hierarchical group (group from the organigram) at any one time, but can be a member of any number of Loose groups at the same time. The following screenshot shows whether you are currently editing an organigram group or a Loose group (marked in red).

By clicking on New Person Assignment, members can be added to this group.

After clicking, the following table appears:

After selecting the person (Huber Heinrich in this case; the selection can be made either by simply typing in the field or by clicking on the button with the 3 dots), you can click on Save. The fields **Valid from** and **Valid to** are either filled with the default values (Valid from: Today; Valid until 1.1.3000) or - as in this case - there is the option to enter a concrete date to specify that Mr. Heinrich Huber should be a member of this group from 01.03.2023 onwards.
