

Update 2023-01-11

Updated to version [4.48.3](#)¹. This includes versions [4.48.2](#)² and [4.48.1](#)³.

New Features

Combined Project & Time Correction

This new action allows you to start correction requests for time tracking and project times at the same time. The action automatically loads all project expenditures and booking intervals for a day and allows you to make changes to them.

WARNUNG

NOTE: Changes made with this request overwrite all existing bookings & expenditures!

This form also has a copy function for quickly transferring from/to times of attendance periods to project times.

- First, click the copy icon next to an attendance entry:
- Then right-click in a project time row to open the menu and select "Paste".
