

Die Personalwolke als App am Handy

The Personalwolke adapts to your device thanks to its responsive skin.

To make it even easier to use, you have the option of attaching personalwolke.at as an app to the home screen of your mobile device.

The procedure depends on the operating system you are using on your mobile device.

Android - Adding a website to the home screen

1. Open personalwolke.at in your browser
2. Tap on the three lines in the bottom right-hand corner
3. Then tap on “+ Add page”
4. Select “Add the current website to” start screen
5. You have the option of specifying the name of the app or accepting the suggested name.
6. Tap on “Add”
7. Then follow the instructions on your mobile device or click on “Add” straight away
8. The Personalwolke icon is saved as an app on your home screen and can be used from there

Safari/iOS - Add a website to the home screen

1. Open the Personalwolke in the browser
2. Tap the

button in the menu bar.
3. Scroll down the list of options and tap on “Add to home screen”
4. The Personalwolke icon is immediately displayed on your device.

Firefox für Android - Create a shortcut to a website

1. Open the Personalwolke in the browser
2. Tap on the menu
button
3. Tap on “Add to shortcuts”
4. The shortcut is now visible on the home screen.
