

Switch user

General

To switch to another user, click **Switch user**. An alphabetical list of all available employees appears in the work area. A click on the desired employee takes you to its personnel cloud view.

The name of the "switched" user appears in the title bar in green; the employee's employee ID appears on the left:

To switch back to the original user, click on the **switch**

symbol 

the right of the name and you will return to the original view. This can be recognized by the dark blue color:
