

Berechtigungskonzept

Authorization administration in the Travel module is based on the [losen Gruppen](#)¹ loose groups described below. Die Berechtigungsverwaltung im Modul Travel erfolgt auf Basis der im Folgenden beschriebenen .

- **XX-TM-User** - *Travel Management User* - This group is for all users who request or settle trips.
- **XX-TM-Manager** - *Travel Management Manager* - This group is for managers (superiors). A superior can view employee trips. This is useful for approving trips.
- **XX-TM-Admin** - *Travel Management Administrator* - This group is, for example, for accountants who can view all trips for accounting purposes.

By adding the users to the individual loose groups, they get the following menu items:

XX-TM-User	XX-TM-Manager	XX-TM-Admin
