Person master data sheet

A click on a line or on the edit symbol

✏

takes you to the person master data sheet where data concerning the employee can be changed / the employee can be deleted. An explanation of the individual fields and tabs (tabs) can be found under New Person[1].

Sorting / Search options

This list can be sorted in ascending or descending order using the blue triangles
(⬍
)
and according to various criteria (last name, first name, group, user name, personnel number, TA-ID, active, valid from).

In addition, the white text fields at the beginning of the list offer the possibility to restrict the displayed data records according to various criteria, e.g.: Last name "gs" shows only persons whose last names contain "gs" (enter gs in the text field and start search with Enter / Enter key /
click 🔍
).
To make all records visible again, simply delete the search term from the corresponding field and press Enter again.

Practical functions

By clicking one of the 3
icons ［🖨 Print 📄 PDF 📊 Excel］
in
the upper right area, the following dialog box opens to specify the data to be displayed in the selected medium (print, PDF, Excel):

Output range

- *All Records*
  All employees of the company are displayed in the selected output medium.
- *Current selection*
  Only the currently displayed employees of the company are displayed in the selected output medium.

Open in new window

- *new window*
  The selected data sets are displayed in a new window.
- *current window*
  The selected datasets are displayed in the current window.

This function is also useful if you want to export a list of employees, possibly filtered according to various criteria. The Excel format is ideal for this.
