

# Open tasks

## General

For **decision-makers (managers, personnel)**, this menu item is used to process assigned requests.

**Example:** Person A is the manager of person B. Person B makes a [Time Correction](#)<sup>1</sup> request. Person A sees this request under the menu item Open ToDos (since person A must approve or reject person B's request). Person B sees the request under the menu item Uncompleted requests.

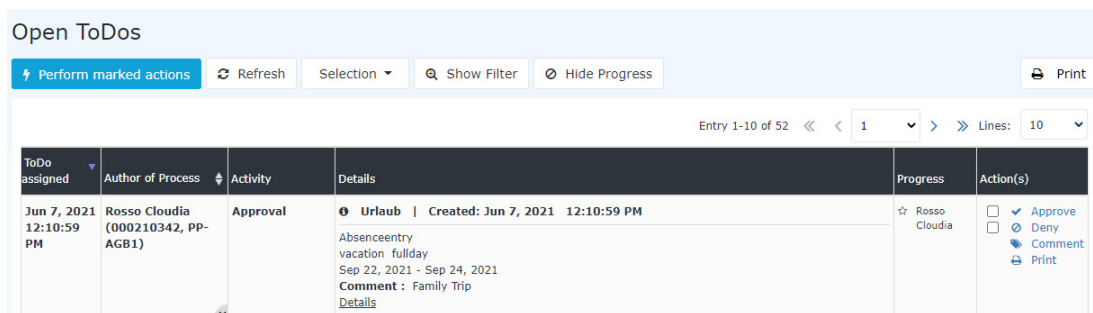

There are 4 options to choose from when processing applications:

-   
Approve - to approve the request
-   
Deny - to reject the request
-   
Comment - to add a comment
- 

- to create a version optimized for print output with all the information related to the request

Depending on your role and permissions within the system, not all options may be available to you. For example, the "Approve" option will only appear for supervisors who are authorized to approve leave requests.

Print

The screenshot shows the 'Open ToDos' interface. At the top, there are buttons for 'Perform marked actions', 'Refresh', 'Selection', 'Show Filter', 'Hide Progress', and 'Print'. Below this is a table with the following columns: 'ToDo assigned', 'Author of Process', 'Activity', 'Details', 'Progress', and 'Action(s)'. The table contains one entry:

ToDo assigned	Author of Process	Activity	Details	Progress	Action(s)
Jun 7, 2021 12:10:59 PM	Rosso Cloudia (000210342, PP-AGB1)	Approval	<b>Urlaub</b>   Created: Jun 7, 2021 12:10:59 PM Absenceentry vacation fullday Sep 22, 2021 - Sep 24, 2021 Comment : Family Trip <a href="#">Details</a>	☆ Rosso Cloudia	<input type="checkbox"/> Approve <input type="checkbox"/> Deny <input checked="" type="checkbox"/> Comment <input checked="" type="checkbox"/> Print

After clicking **Approve** or **Reject**, the request disappears from this view and is moved to the [Completed ToDos](#)<sup>2</sup> view.

A more detailed description of two additional features can be found under the topics **Filtering** and **Process details**.
