Workflow

The menu items grouped under the **Workflow** menu are used to track the progress of your own requests and to process requests assigned to you, and they provide an archive for completed requests and finished tasks.

In the following chapters you will find these topics:

- Open tasks[1]
- Open requests[2]
- Using the filter[3]
- Displaying process details[4]
- Archive - finished tasks[5]
- Archive - completed requests[6]
