Vacation (Annual Accounts)

General

This report offers a complete overview of the topic of vacation, since in addition to the times it also lists information about the vacation allotment (crediting cut-off date, information on tiering).

You can find a description of the search form and of features such as filtering and hiding HERE[1].

Accounts shown

in alphabetical order

Account name	Account description	Account can be influenced by
Vacation entitlement (J)	Vacation allotment of the person in the queried year	defined by the person's hire date
Years of service (J)	Number of years of service in the company since hire	
Total remaining vacation (J)	Sum of the unused allotments from the previous and the current vacation year	defined by the annual vacation allotment
Remaining vacation PY (J)	unused allotment from the previous year (previous vacation year)	
Days on parental leave (J)	Number of days spent on parental leave (full parental leave, not part-time parental leave!) in the queried month up to the cut-off date	
Vacation taken (J)	Number of vacation days from the vacation allotment taken in the current (vacation) year	
Remaining vacation prorated (J)	prorated current vacation balance - assuming a fictitious termination of the person as of the cut-off date	
Remaining vacation capped (J)	Vacation that was deleted due to vacation expiration	

Further data

- Vacation cut-off date: crediting date for the new vacation allotment, see Person/Master record/Settings/Time tracking[2]
- Fictitious hire date: relevant for vacation tiering, see Person/Master record/Settings/Time tracking[3]
- Days in vacation year: calendar days between two cut-off dates for vacation crediting
- Workdays: number of workdays out of the number of days in the vacation year.
