4.55.9

Release Notes - Webdesk - Version 4.55.9 - January 17, 2024

Bug Fix

- [WD-16404[1]] - Fix for an issue in the access permission request that prevented scrolling in a field
- [WD-16550[2]] - Fix for a cache issue in the time tracking area that caused the same daily programs to appear repeatedly in the selection list
