4.55.10

Release Notes - Webdesk - Version 4.55.10 - January 19, 2024

Bug Fix

- [WD-16551[1]] - Fix for an issue in Personalwolke Project Time that hindered the display of persons in the search form of the project time evaluation when only a selection was made in the Structure field
- [WD-16552[2]] - Fix for a regression that blocked the display of projects that can no longer be booked in selection lists in Personalwolke Project Time
