4.55.16

Release Notes - Webdesk - Version 4.55.16 - February 21, 2024

Bug Fixes

- [WD-16478[1]] - Fix for an error in HR-Expert in the HrPersonEditor that occurred when attempting to delete a person and produced a runtime error message
- [WD-16638[2]] - Fix for an error in the mobile view, in the day view of the correction client, that caused the delete function for interval entries not to be displayed
- [WD-16171[3]] - Fix for an error in the mobile view of the correction client that caused an incorrect color for Saturdays
