4.56.5

Release Notes - Webdesk - Version 4.56.5 - March 14, 2024

Bug Fix

- [WD-16757[1]] - Fix for an issue in the journal view that caused the data in the "Summary" block not to be displayed completely
- [WD-16707[2]] - Fix for an issue in an upgrade script that caused passwords of PoRestEndointJsonConnector not to be migrated correctly
- [WD-16715[3]] - Fix for an issue in PoDeleteLogData whereby the retention periods of certain log and page entries did not match the retention periods for action and job logs
- [WD-16737[4]] - Fix for an issue that occurred in HR Expert and caused linked documents to open only in edit mode
