4.56.10

Release Notes - Webdesk - Version 4.56.10 - April 8, 2024

Bugs

- [WD-16771[1]] - Fix for an error in the HrPersonEditor whereby, for a newly created person with a position assignment without primary responsibility, that position assignment was no longer displayed when the person was reopened later.
- [WD-16858[2]] - Fix for an error in the ta_getJournalAct action that caused filters for reports to customers, noted in the ExecuteAndSendReports job, not to take effect as such
