4.52.25

Release Notes - Webdesk - Version 4.52.25 - June 7, 2024

Bug Fixes

- [WD-16672[1]] - Fix for an issue in project editing where the icon for canceling an entry was hidden when long project names were used
- [WD-17006[2]] - Fix for an issue where, when a career level was deleted or ended for jobs, that career level was not also removed from the person
