4.59.13

Release Notes - Webdesk - Version 4.59.13 - March 19, 2025

New Features

- [WD-17923[1]] - A new automated job was implemented that starts employee appraisals periodically (annually or quarterly) for defined groups or individuals. The configuration allows adjusting the process definition, the persons concerned, and the frequency.

Bug Fixes

- [WD-18289[2]] - The display in the detail view of confirmable messages was faulty. The message is now displayed correctly formatted and readable.
- [WD-18403[3]] - When using search fields in HRX, the entered text was cut off at the bottom edge of the input field. The positioning of the text was corrected.
