4.60.14

Release Notes - Webdesk - Version 4.60.14 - July 15, 2025

Bug Fixes

- [WD-19164[1]] - Downloading travel receipts via the REST API failed because an error occurred.
- [WD-19172[2]] - After a server restart, no link to the execution logs was displayed when manually starting a job.
