# 4.60.20

Release Notes - Webdesk - Version 4.60.20 - August 10, 2025

## Bug Fixes

- [WD-19258[1]], [WD-19261[2]] - Fixed errors that could cause runtime problems due to non-serializable objects related to configuration classes (TaGetJournalV2LayoutConfig and AccountDTO).
- [WD-19315[3]] - Fixed an error that could cause the application to crash when accessing certain menu items ("Guidelines and Information") if they contained only one file.
- [WD-19313[4]] - Fix for an error message when creating new persons in HR Expert. A NullPointerException could occur, although the exact cause was not reproducible.
