

# Workflow

The menu items integrated in the menu bar "**Workflow**" allow every user to trace the process of their own application forms, to edit the assigned To Dos, and serve as an archive for already completed applications and assigned To Dos.

## General information about the Workflow-Lists

### Handling of the filter functions

- The filter functions allow a purposeful query for certain application forms within the Workflow lists
- Select the respective list (e.g. Open requests or My To Dos) > click on the "show filter" button (to find in the title bar)

You can search for a specific application form with the help of following criteria:

- **Applicant**  
Search for a respective applicant (= author of process) by selecting the person from the list. You can also search for "All Persons"
- **Group**  
Search for a respective group, or search in all groups
- **Process**  
Search for a respective application form (= process), e.g. absences, compensation time. If you want to search for all applications of a respective person, select "All Processes"
- **Date of creation**  
Search for applications, created on a respective date. You can either enter from - to date, or only from-date or to-date.
- **Date of effect**  
All applications, which effect starts on a respective date, will be delivered. Analogue to the date of creation, you can enter either from - to date, or only one of them.

A click on the "Refresh" button starts the query for all applications, according to your criteria.

If you want to hide the filter , so click on the "Hide Filter" button.

In order to hide the "process" column, click on the "Hide process" button. If you want the column to reappear, use the "Show process" button.

## Process details

After you have found the application form, here you will find some information about the process. Click on the Info button for more details:

Prozess erstellt	Nächste(r) im Prozess	Details	Verlauf	Aktion(en)
11.09.2009 10:53:49	Antragsteller	Zeitkorrektur Zeitkorrektur 03.09.2009 08:15 - 09:45 ( Dienstgang ) Bemerkung : Kundentermin <a href="#">Details</a>	Weiss Florian Weiss Florian	

- **Progress**

Here you will find the roles involved in the process (as applicant, supervisor, ...), as well as the name of the person, inhabiting the role, who has already handled the application, the time of handling. If any comments are attached to an application, you will find them in the comment column.
