4.59.36

Release Notes - Webdesk - Version 4.59.36 - November 5, 2025

Improvements

Project Time Tracking

- [WD-19007[1]] - Improvement of the group calendar: The most recently selected page size is now retained when the view is reopened.

Bug Fixes

Project Time Tracking

- [WD-19686[2]] - Fix for an issue where the calendar reconciliation job re-synchronized all appointments on every run instead of only transferring new entries.
