4.62.2

Release Notes - Webdesk - Version 4.62.2 - December 17, 2025

Improvements

Travel Expense Tracking

- [WD-17016[1]] - Extension of the expense calculation with separate dependency groups for deductions and tax-free portions.

Bug Fixes

Time & Attendance

- [WD-19908[2]] - Fix for an error where confirmations for corrections on weekends were not displayed and editing of other days was blocked.
- [WD-19907[3]] - Fix for an error message when opening the weekly program.

Travel Expense Tracking

- [WD-19917[4]] - Fix for an error where the pro rata daily deductions in the 24-hour calculation of daily allowances were not applied correctly.
- [WD-19911[5]] - Fix for an error where attached files were no longer displayed in the edit view of travel expenses with mandatory attachments.
