4.62.6

Release Notes - Webdesk - Version 4.62.6 - January 13, 2026

Improvements

Time & Attendance

- [WD-19589[1]] - New display for unused fields of field groups added in the client settings.
- [WD-19542[2]] - When a new field group is added in the time tracking settings, all fields, including non-public ones, are now adopted automatically.
- [WD-19582[3]] - New button added for adding multiple time field groups at the same time.

HR Expert

- [WD-19880[4]] - Extension of the HrPersonConnector with automatic creation of the hiring status for new persons.

Bug Fixes

Project Time Tracking

- [WD-19928[5]] - Update of the attendance information in the popover of project time tracking so that changes are visible immediately.

HR Expert

- [WD-19895[6]] - Bug fix when deleting employees from the trash who have existing substitute assignments.
- [WD-19514[7]] - Fix for an error in HR Expert: non-public collective agreements are now automatically assigned to the creator's client.

Interfaces

- [WD-19929[8]] - Fix for an error message in the job for managing email forwarding rules.

Mobile App

- [WD-19732[9]] - Fixed a display issue with mobile notifications; toast messages are now displayed correctly and visibly.

Other Bug Fixes

- [WD-19967[10]] - Correction of the automatic date shifting in the Event Assistant; past event dates are retained after the draft status.
- [WD-19935[11]] - Fix for an error message in the out-of-office job to improve system stability.
