4.63.7

Release Notes - Webdesk - Version 4.63.7 - March 5, 2026

Bug Fixes

HR Expert

- [WD-16843[1]] - Anonymous system users are no longer displayed in person lists and reports, to improve clarity.

Permissions

- [WD-20350[2]] - Fix for an error message in the dashboard by correcting missing access rights for the annual calendar.

Mobile App

- [WD-19984[3]] - Fix for an error where the correction comment dialog on mobile devices reopened automatically after saving or reloading.
