4.63.14

Release Notes - Webdesk - Version 4.63.14 - March 31, 2026

Improvements

Time & Attendance

- [WD-20412[1]] - Fixed an error message when approving a monthly journal.

Miscellaneous

- [WD-19798[2]] - Extension of the default logging configuration to output the requestId in ERROR log entries and to improve traceability.
