4.63.16

Release Notes - Webdesk - Version 4.63.16 - April 14, 2026

Improvements

Project Time Tracking

- [WD-20576[1]] - Improvement of project time tracking: option to specify a precise date and time for retroactively editing times of the previous month.

Bug Fixes

Travel Expenses

- [WD-19871[2]] - Fix for an issue where the times of trip segments were changed after every save due to time zone shifts.

Other Bug Fixes

- [WD-20535[3]] - Fix for an error message when opening open tasks after a payroll run was canceled.

Miscellaneous

- [WD-19843[4]] - New function in travel expense tracking: confirmation prompt when entering trips on weekends or holidays.
