4.63.19

Release Notes - Webdesk - Version 4.63.19 - April 24, 2026

Improvements

Project Time Tracking

- [WD-20669[1]] - Added a new configuration option for hiding the "Show change history" context action for project efforts.

Bug Fixes

Time & Attendance

- [WD-20318[2]] - Fixed an error in the display of the absence reason in the time correction, so that the correct reason is displayed again.
