

4.16.6

Release Notes - Webdesk - Version 4.16.6

Bug

- [WD-11450¹] - PoExecuteAndStoreReports: failing validation states that file is deleted in the logs but it isn't
- [WD-11913²] - Wrong TA Caching in TaEditRebookings
- [WD-11916³] - Exception because of faulty check
- [WD-11921⁴] - Opening configuration for ta_editRebookings returns exception

Improvement

- [WD-11835⁵] - Process validation: add currentPerson to validation context
