Switch user

General

To switch to another user, click **Switch user**. An alphabetical list of all available employees appears in the work area. A click on the desired employee takes you to its personnel cloud view.

The name of the "switched" user appears in the title bar in green; the employee's employee ID appears on the left:

To switch back to the original user, click on the switch

the right of the name and you will return to the original view. This can be recognized by the dark blue color:
