

# Time Base

---

## General

**Standard employees** have the possibility to **book**, use the menu items under **Info** as well as **requests**, **Workflow Management** and **Options**.

In addition to the possibilities of the standard employee, **management employees** have the menu item **Management** and the menu item **Reports** for various evaluations concerning the company / the employees.

In addition to the possibilities of the **standard employee**, **admin employees** have the menu item **Administration** to perform administrative tasks concerning the company / the employees.

Of course, one or more employees can also be assigned the management and administration ability at the same time.

**Workflows are controlled** by freely assigning the **roles** of supervisors and personnel to individual employees and/or groups.
