Sorting / Search options

This list can be sorted in ascending or descending order using the blue triangles

and according to various criteria (last name, first name, group, user name, personnel number, TA-ID, active, valid from).

In addition, the white text fields at the beginning of the list offer the possibility to restrict the displayed data records according to various criteria, e.g.: Last name "gs" shows only persons whose last names contain "gs" (enter gs in the text field and start search with Enter / Enter key / click).

To make all records visible again, simply delete the search term from the corresponding field and press Enter again.

Lastname	First name	Name	Client	Group	Username	Employee-ID	Email	TA-ID	Time zone	Active user	Valid from
Renner	Rudi	Rudi Renner	PersonalWolke Prof	PP-AGB1	pprau	000223412	Rudi.Renner@jetztBestellen.at	19		Yes	Mar 27, 2013

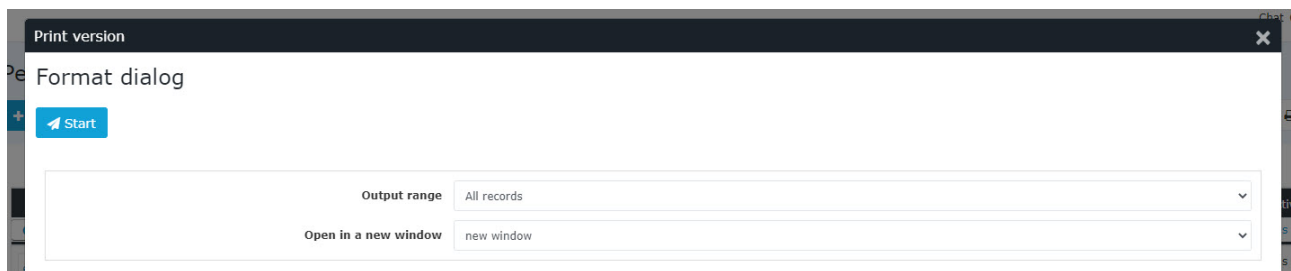

Practical functions

By clicking one of the 3

icons

in the upper right area, the following dialog box opens to specify the data to be displayed in the selected medium (print, PDF, Excel):

Output range

- **All Records**
All employees of the company are displayed in the selected output medium.
- **Current selection**
Only the currently displayed employees of the company are displayed in the selected output medium.

Open in new window

- **new window**
The selected data sets are displayed in a new window.
- **current window**
The selected datasets are displayed in the current window.

This function is also useful if you want to export a list of employees, possibly filtered according to various criteria. The Excel format is ideal for this.
