

Time Professional

General

The **Time Professional** Account offers the possibility to view **reports** for the evaluation of relevant data compared to the Time-Base Account.

Standard employees have the possibility

- to book attendances and absences
- use the menu items
 - Info
 - Requests
 - Workflow Management
 - Options

Management employees have the possibilities of the standard employee and additionally

- the menu item Management
- the menu item Reports for various evaluations concerning the company / the employees

Admin employees have the possibilities of the standard employee and additionally

- the menu item **Administration** to perform administrative tasks concerning the company / the employees.

Of course, one or more employees can also be assigned the management and administration ability at the same time.

Workflows are controlled by freely assigning the **roles** of supervisors and personnel to individual employees and/or groups.
