

# Time Professional

---

## General

The **Time Professional** Account offers the possibility to view **reports** for the evaluation of relevant data compared to the Time-Base Account.

**Standard employees** have the possibility

- to book attendances and absences
- use the menu items
  - Info
  - Requests
  - Workflow Management
  - Options

**Management employees** have the possibilities of the standard employee and additionally

- the menu item Management
- the menu item Reports for various evaluations concerning the company / the employees

**Admin employees** have the possibilities of the standard employee and additionally

- the menu item Administration to perform administrative tasks concerning the company / the employees.

Of course, one or more employees can also be assigned the management and administration ability at the same time.

Workflows are controlled by freely assigning the roles of supervisors and personnel to individual employees and/or groups.
