# Transfer employees (department, group, location, cost centre)

There are basically three ways to move an employee to another department.

**1. Via the entry in the "Groups" tab in the master data of a person**: This is possible for hierarchical groups (departments in the organisation chart) as well as for loose groups or for locations and cost centres. This variant is described below.

2. Via the entry "Persons" in the master data of a group: This variant is also possible for hierarchical groups (departments in the organisation chart) as well as for loose groups or for locations and cost centres. Information on this variant can be found under "*FAQ - Adding employees to a group*". [Link will be added soon]

**3. Via editing in the organigram:** This is only possible for hierarchical groups, as only these are shown in the organigram. Information on this can be found in the chapter "Organisation chart - Move employees to another department (group)<sup>1</sup>"

#### For variant 1, start as follows:

In the menu tree under Administration, select the item "Persons".

This menu item provides a list of all created persons (employees) of the client (company).

Using the input fields under Last Name, First Name, Client, Group, Username, Employee ID, E-mail, TA-ID, Active User and Valid from, the list can be restricted accordingly.

For example, by entering "M" in the Last name field, the list can be restricted to persons whose last name contains at least one "M".

After selecting the **Groups tab**, the above input mask appears.

First, you must decide whether the employee is to be assigned to a **group in the organigram** (hierarchical relationship of the groups to each other) or to a **Loose group** (manual grouping of individual employees according to freely selectable criteria). For more information on hierarchical (organisation chart) or loose groups, see Administration - Groups <sup>2</sup> in the manual.

#### WARNUNG

ATTENTION: A person can only be a member of **ONE organigram-group at a time** (the new assignment therefore overwrites the existing one)! The situation is different with loose groups - here the employee can be a member of any number of loose groups at any time.

After selecting an organisation chart or loose group (or location or cost centre, if the company structure provides for them)

the new group (organisation chart) or the additional group (loose group) or the location or cost centre the employee is to join can be selected via a drop-down list in the lower section of the tab

Master	data	Groups	Roles	Action Permissions	In competence of roleholders	Cache	Login Attempts	NFC Tags	Settings			
Or	Organigramm SuW ~											
	with History											
N	ew grouj	р									1

New group				Valid from		Valid till	
SuW-Coop (Co-operativ buildings)							
rgstructure	Name	Val	id from		Valid till		Delete
rgstructure	SuW-CEO (Geschäftsleitung)		.07.2023		01.01.3000		

The following constellations are possible when entering the date:

- Valid from **blank**, Valid until **blank**: Assignment is valid immediately until 01.01.3000 (our definition of "until further notice"...).
- Valid from **blank**, Valid until **filled in**: Assignment is valid immediately, until the date specified under Valid until after which the assignment must be carried out again.
- Valid from **filled in**, Valid until **blank**: Assignment applies from the date entered under Valid from until 01.01.3000
- Valid from filled in, Valid until filled in: the assignment to the selected group is only valid within the defined period and must be carried out again afterwards.

Click on **Save** to apply the changes.

### Deletion of a group assignment

In the same screen, it is also possible to delete an existing, incorrect assignment.

NOTIZ For reasons of historicisation and thus documentation of department/cost centre/location assignments, deletion is only recommended if the assignment was actually made in error
