

General overview

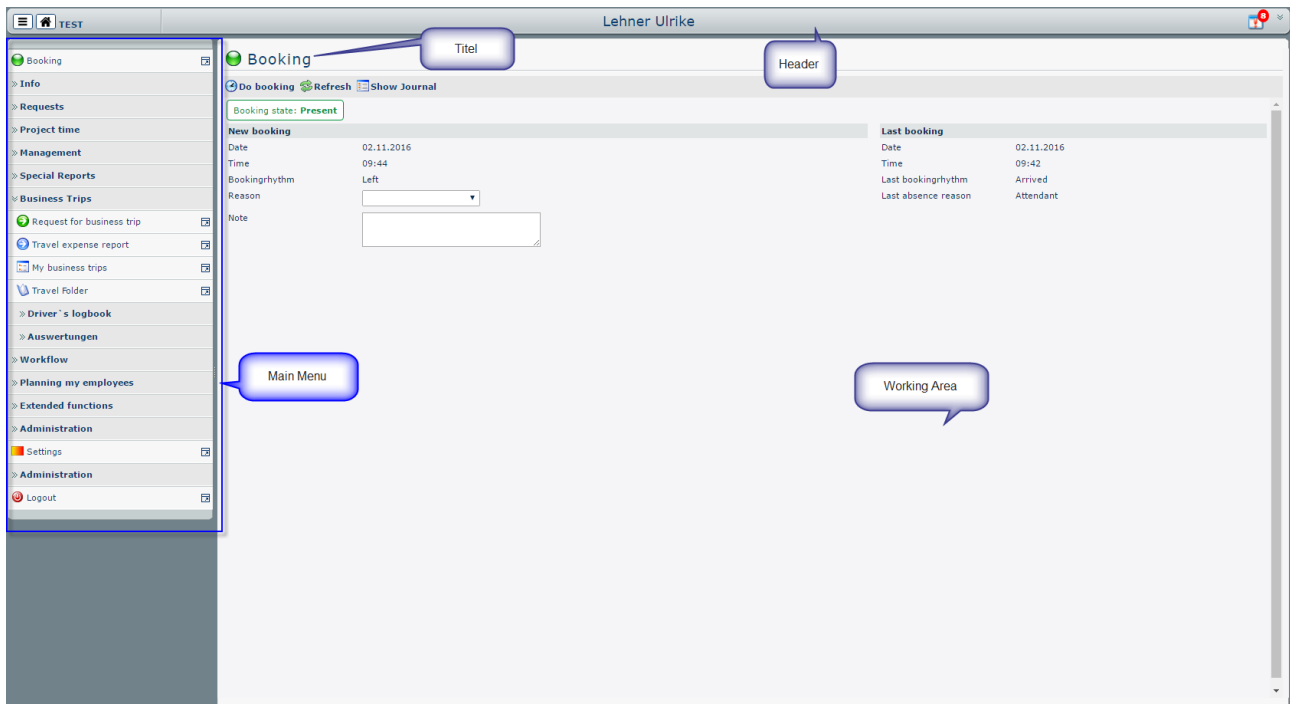

The general used UI elements are described in detail on the next pages.

There are 2 different skins:

- Classic
- Responsive
 - Desktop
 - Mobil
 - Dynamisch

Nearly all is configurable, so these screenshots are only in a million it can look like.

Classic:

The screenshot displays the 'webdesk EWP' interface. On the left is a dark sidebar menu with a search bar and various navigation options like 'Home', 'Booking', 'Info', 'Requests', etc. The main content area has a light blue header with the title 'Booking' and a 'Titel' callout. Below the header are buttons for 'Do booking', 'Refresh', and 'Show Journal'. The main content area shows 'Booking state: Present' and two panels: 'New booking' and 'Last booking'. The 'New booking' panel contains fields for Date (02.11.2016), Time (09:44), Bookingrhythm (Left), Reason (dropdown), and Note (text area). The 'Last booking' panel shows Date (02.11.2016), Time (09:42), Last bookingrhythm (Arrived), and Last absence reason (Attendant). A '(Main) Menu' callout points to the sidebar, and a 'Working Area' callout points to the main content area.
