

General overview

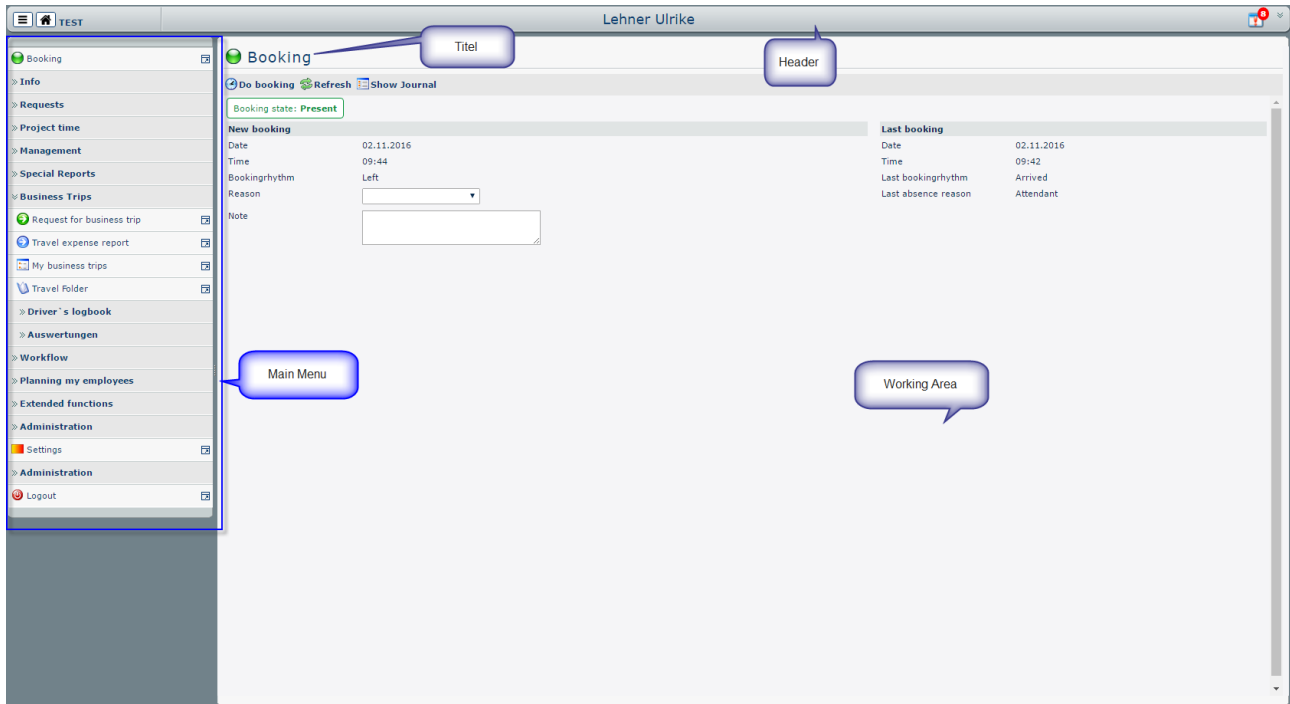

The general used UI elements are described in detail on the next pages.

There are 2 different skins:

- Classic
- Responsive
 - Desktop
 - Mobil
 - Dynamic

Nearly all is configurable, so these screenshots are only in a million it can look like.

Classic:

The screenshot displays the 'webdesk EWP' interface. On the left is a dark sidebar menu with options like Home, Booking, Info, Requests, Project time, Management, Special Reports, Business Trips, Workflow, Planning my employees, Extended functions, Administration, and Administration. The main content area is titled 'Booking' and includes a search bar, 'Do booking', 'Refresh', and 'Show Journal' buttons. Below this, the 'Booking state' is 'Present'. Two panels are visible: 'New booking' and 'Last booking'. The 'New booking' panel shows fields for Date (02.11.2016), Time (09:44), Bookingrhythm (Left), Reason (dropdown), and Note (text area). The 'Last booking' panel shows Date (02.11.2016), Time (09:42), Last bookingrhythm (Arrived), and Last absence reason (Attendant). Callouts point to 'Titel' in the header, 'Header' in the top right, '(Main) Menu' in the sidebar, and 'Working Area' in the main content area.
