Jobs in Project Time Tracking

- **Job PtmStopAndContinueEfforts**
  [1] This job enables automatic project time booking coupled with clocking in and out.
- **Job PtmTaSynchronization**
  [2] This job enables automatic entry of project time for full-day absences of employees, such as vacation or training, in order to ensure gapless project time tracking.

Other Jobs

- **Job ReaccountMonthlyTimeEfforts**[3]
  Redistributes monthly project time efforts based on attendance time and saved percentages.
- **Job matchEffortTimesWithAccountedTime**[4]
  Reconciles daily project time efforts with the booked time and attendance (TA) time and deducts any excess.
