4.5.39

Release Notes - Webdesk - Version 4.5.39 - March 17, 2020

Bug

- [WD-10654[1]] - Fix for an issue where the message that substitute approval is allowed was not displayed
- [WD-10748[2]] - Fix for an issue where requests were not displayed in the to-do lists when custom roles were used
- [WD-10848[3]] - Fix for an issue where an additional faulty booking was sometimes created via KIOSK

New Feature

- [WD-10736[4]] - Added a summary of mileage allowances, per diems and expenses to travel folders

Improvement

- [WD-10677[5]] - Option to show or hide the Taxable/Tax-free columns in travel expense reports
- [WD-10679[6]] - When creating a new person in HR-Expert, the "Entry date" is now the leading factor
