4.16.0

Release Notes - Webdesk - September 25, 2020

Bug Fixes

- [WD-10469[1]] - Client-specific key values are now displayed correctly in the person fields of Time Tracking
- [WD-11385[2]] - Additional confirmation dialog when attempting to cancel a business trip
- [WD-11721[3]] - Fixed an issue that occurred when attempting to create a new resource category/group
- [WD-11735[4]] - Fixed an issue where it was not possible to start Webdesk with the latest version of the JRE (261)
- [WD-11730[5]] - It is now possible to save persons in HR-Expert who only have a terminated employment status

New Features

- [WD-10539[6]] - It is now possible to log in for GW integration functionality with Office365/Exchange services using the OAuth authentication protocol

Improvements

- [WD-11691[7]] - Improvements to the user interface for rescheduling in the correction client
- [WD-11751[8]] - Client administrators can now edit the "Amounts" fields in daily programs
