4.19.18

Release Notes - Webdesk - Version 4.19.18

Bug

- [WD-12598[1]] - Fixed an issue where the job PtmStopAndContinueEfforts created negative project time efforts.
- [WD-12769[2]] - Performance optimization of the action po_editRole.act
- [WD-12773[3]] - Fixed an issue with the creation of persons with the TaPersonConnector when the start date is in the future

Improvement

- [WD-12702[4]] - Positive access rights can now override "non-specific" access rights
