4.28.9

Release Notes - Webdesk - Version 4.28.9 - September 1, 2021

Bug

- [WD-12946[1]] - Fixed an issue that caused the help text to no longer be displayed after a report of ta_getOrgCalendar was started

Improvement

- [WD-12371[2]] - PoGenericEntityEditor now automatically selects the correct person if only one is available for selection
- [WD-12372[3]] - PoGenericEntityEditor now has the option to display certain fields in READ-ONLY mode only
- [WD-12989[4]] - It is no longer possible to enter more weekly hours for persons in HRX than are stored in the full-time weekly hours field
- [WD-13007[5]] - Optimized load times of the person search
